

NETWORKING PREMIUM COWORKING

ABOUT US

Networking Premium is an elegant shared workspace, transformed into a highly productive environment where startups, entrepreneurship and innovation thrive in sync. Specially implemented in the design of spaces is the Feng Shui technique, creating energy that resonates through our community and stimulates the creativity of our team and customers.

OUR SERVICES

We have observed a dramatic increase in the time employees spend in the office. In fact, they feel at home. We believe that feeling positively affects, and will improve, the productivity of the project or the company they work for.

- » **A welcome to our coworking space at 25 Rakovska Street.**
- » **Position as a guest judge at our monthly startup event**
- » **Accommodation option**
